During the reporting period covered by this statement, the COVID-19 pandemic had taken hold. For several months, the UK was placed into lockdown to stem the spread of COVID-19. This created several challenges for the Organisation as it did for others across the nation.

The Digital Asset Solutions Ltd. concludes that the COVID-19 pandemic did not adjust the risk of modern slavery to a level above that which existed before the pandemic, which is as set out under 'POTENTIAL EXPOSURE' above. During the pandemic Digital Asset Solutions Ltd. did not change suppliers and employed more staff to deal with the increased demand however this was done within the governments set guidelines at each stage.

During the pandemic, the Group's employees still had access to the grievance procedure to raise any concerns that they may have had.

In line with emergency legislation passed by the Government, Group employees have been paid Statutory Sick Pay during periods of self-isolation where it has not been possible to agree a temporary period of homeworking. Digital Asset Solutions Ltd. took the decision from the outset of
